

We cover more of Eurasia
than ever before

Central Asia's Best Airline • Sleeper Business Class • Safety and comfort

We are an airline going places. From our base in Kazakhstan our modern fleet operates over 50 domestic and international routes as we continue expanding our network to Eurasia and beyond. We take flying seriously, which is why we've completed the IOSA audit with excellent results* and we've been voted Central Asia's best airline at the Skytrax Awards** for the last two years. If you're traveling to Eurasia on business or leisure, fly with Air Astana.
